COVID-19 Precautions & Preparations

Our Commitment to you

Our Approach

In response to the COVID-19 pandemic we have enhanced our exacting standards to a new level across all aspects of our hotel operations. The changes we have implemented are based on the guidance we have received from HM Government, Public Health England, and the National Health Service, supported by industry specific advice from UK Hospitality. We can confirm that we have complied with the government's 'COVID-19 Secure' guidance on managing the risk of COVID-19 in the workplace. Due to the constantly changing nature of this guidance and advice, our internal operating practices and protocols will be continuously reviewed and immediately updated. The information detailed below may therefore change without notice. As we are managing a Public Health issue, we expect the full support and co-operation of all our guests, our staff and our service suppliers. Only through our collective efforts can we successfully combat the spread of COVID-19 and keep each other safe and healthy.
